

## **On-Water Towing and Labor Coverage Service**

With On-Water Towing and Labor Coverage service, \$300, \$500 or \$1,000 per occurrence is paid toward towing and labor costs, depending on the amount of coverage chosen. Labor coverage applies when work is performed at the time and place of disablement, while the boat is in the water.

## **Roadside Assistance**

Roadside Assistance coverage, which is automatically included in most Boat insurance policies, provides towing to the nearest qualified repair facility and covers necessary labor at the time and place of disablement when the tow vehicle or boat trailer is disabled due to any of the following:

- Mechanical or electrical breakdown
- Battery failure
- Insufficient supply of fuel, oil, water or other fluids
- Flat tire
- Lockout
- Entrapment in snow, mud, water or sand within 100 feet of the roadway

This coverage extends to the tow vehicle while transporting the insured boat/PWC, even if the tow vehicle is insured with another insurance company.

Roadside Assistance is available 24/7, anywhere in the United States or Canada, and you pay nothing out of pocket when you use this coverage.

Roadside Assistance is included automatically on policies with Comprehensive coverage for Pleasure Boats and PWCs with Trailers.
