

## Why You Need Business Auto Coverage

If you're not sure if you need a business auto policy, answer these five questions:

1. Do you use your vehicle for work?
2. Does your business deliver goods?
3. Does your business own or lease vehicles?
4. Do your employees drive company-owned vehicles?
5. Do your employees use their personal vehicles for business?

If you answered yes, it's time to contact our agency about getting a business auto insurance policy. The coverage can help protect your business from damages caused by minor mishaps or serious accidents that a personal auto policy may not cover.
